

get started

What are the most common things people crave?

reflect

Discuss this quote by Jim Elliot “God has hemmed me in to nothing, that I may have nothing, do nothing, and want nothing except Himself.”

dig

1. Read Matthew 5:6 in a few different translations. What things did you notice as you read this verse?
2. What does it mean to hunger and thirst for something? What do followers of Jesus hunger and thirst for?
3. What does the word righteousness mean to you? What do you think Jesus is trying to say about the things we should crave? Do we crave those things? Why or why not?
4. There are plenty of examples in Scripture of people that longed/craved for more of God. Read these passages: Exodus 33:18-23; Psalm 63:1-8; Philippians 3:7-10. Is there a difference between the way these people longed for God and how you long for God? Why?
5. What does Jesus mean when He says that those who crave God will be “satisfied?”

breakout

If everyone has a God-sized craving that can only be satisfied by Him...then in what ways can we reach those people with the message of the gospel?
