God is at work

1. As you come into this new year, what things are you purposing to do differently (if anything)? What are you removing from your life? What are you picking up as a positive habit?
2. Read Philippians 1:6. What was Paul sure about? How could he be so confident?
3. What is a promise from God's Word reminding you that God is at work? What example can you give in this past year when that verse provided encouragement?
