Pastor Alan Cleveland

Community Church - Ryf Road

Read Philippians 3:12-4:1. What are the things that Paul had to leave behind? What was the goal he was pressing towards?

Paul ends with an encouragement to "stand firm" in the LORD. What does standing firm look like?

What are things that people need to leave behind that affect their faith race? What are the things that you need to leave behind? What can your Community Group do to help you leave them behind?

Who are people that you believe are running their race well? What can you imitate from their lives? What can people imitate from your life to grow in their relationship with God?
