Read Philippians 2:5. What does Paul mean by "have this mind among yourselves?" What does our mind have to do with our attitude?

What two attitudes did Jesus have according to Philippians 2:6-8?

Do you see those qualities in anyone around you? Give examples.

Do others see those qualities in you? Why or why not?

The Apostle Paul is saying that we need to follow Jesus' example. What specifics does Paul give about how we can do that in Philippians 2:1-4?

What are some practical ways that you individually and as a group can have the same attitude as Jesus?
